The South Dakota Department of Transportation (SDDOT) in conjunction with the Rapid City Area Metropolitan Planning Organization (MPO), City of Summerset, and Meade County will hold a public meeting open house to discuss and receive public input on the above project. The open house will be informal, with one-on-one discussion with SDDOT design staff. The public meeting will be accessed through the main entrance of the school.

A presentation will take place shortly after 5:30 p.m. Afterwards, SDDOT staff will be available with displays to discuss the proposed project and answer questions. During this time, attendees will also have the opportunity to present written comments.

The final Interchange Modification Justification Report (IMJR) resulting from this study will solidify future plans for an interchange reconstruction that effectively meets user needs, addresses Agency requirements and serves as a solid transportation anchor for decades to come.
